**Attachments:** Updated\_Prog Rpt\_EAF Slag\_Feb 2022.pdf

Colette,

Attached is an updated progress report for February 2022 for Task Order # 68HERC21F0257, Consensus Report on Electric Arc Furnace Slag: Understanding Potential Human Health Risks from Unencapsulated Uses. Updating the progress report focused on revising the technical portion of the report that I provided earlier today. No changes were made to the financial information.
